POLICY STATEMENT # 28

To: All Personnel

From: Sheriff Mark Melton

Subject: Flock Camera Usage

Date: **07/28/2026**

Policy: **Flock Camera Usage**

PURPOSE:

Establishes the guidelines on the usage of Flock cameras.

A. Flock Safety Program

1. Deputies shall be trained on how to access and properly use the Flock Camera System. Training shall be maintained to ensure updates are disseminated to personnel.
2. Deputies should log onto the Flock Safety Program at the beginning of their shift with an agency issued device.
3. The License Plate Recognition (LPR) cameras capture objective vehicle data needed to solve and prevent crime.
4. To be used to look up license plate #'s for law enforcement purposes ONLY. **NOT FOR PERSONAL USE**. If it is determined that an employee used the Flock Camera system in an inappropriate manner that employee is

subject to disciplinary actions up to employment termination and criminal prosecution.

5. If a traffic stop/ citation/ arrest is made while using the Flock Safety Program the outcome shall be logged into the view or edit outcome.
6. To search for a tag in the Flock system you are required to use a trackable case#/call #(Bolo).
7. If a vehicle needs to be added to the Flock system contact the CID System Administrator.
8. Contact the Chief investigator or the CID system Administrator during the next working business day if there is a problem within the Flock Safety Program.
